Background and Methodology

Background

As part of its annual review of the performance of sitting judges, the Louisville Bar Association (LBA) sent notices to all Kentucky Bar Association (KBA) members with contact addresses in Jefferson County. These attorneys were invited to rate the performance of various judges with whom they have had substantial professional contact over the past two years. Jefferson Circuit Court and Jefferson Family Court judges were included in the evaluation for 2015.

Methodology

A total of 4,613 KBA members received an emailed invitation to participate in the evaluation. The invitation contained a link to participate in the electronic evaluation. A unique identification number was required to access the evaluation. The evaluation was open from October 1 through October 16, 2015. If any attorney did not want to participate via the electronic evaluation, he or she was allowed to print out a paper copy of the evaluation and return it by mail to Thoroughbred Research Group for processing.

In total, 490 responses were received – 484 electronic evaluations, along with six mailed paper evaluations.

Response Rate

Because of the size of the litigation bar and the nature of such practice, only a limited number of attorneys have had significant professional contact with a particular judge in a specific court. Consequently, from the original 4,613 attorneys who received notice of the evaluation, just a fraction could reasonably be expected to respond to the questions. Of those attorneys who were qualified and participated in the evaluation, many may have had significant experience in only one of the courts evaluated or with a limited number of judges listed. Still, the number of attorneys responding is more than adequate to result in a statistically valid evaluation of the judiciary.

The judges rated during the 2015 evaluation and the total number of respondents rating each judge are shown below:

Questionnaire

The evaluation instrument included a series of 19 attributes for the circuit court and 18 attributes for the family court that were used to evaluate the performance of each judge. Respondents were asked to indicate the extent to which they agreed or disagreed with each statement used to describe a particular judge using a four-point rating scale of strongly disagree, disagree, agree and strongly agree. Respondents were also given an option to write in any advice they would give to a particular judge to improve his/her performance. These comments were provided only to the applicable judge under separate cover as confidential feedback for his or her personal review. General comments on how to improve the court system were provided to the chief judges of the circuit court and family court, respectively, under separate cover. General comments on how to improve the evaluation process were submitted to the LBA under separate cover.

Respondents were instructed to rate only those judges with whom they have had substantial professional contact within the past two years.

Where applicable, comparative ratings are shown from the most recent prior Judicial Evaluation in 2013.
